

Connect GeoVera to EZLynx in 5 steps

Here are quick instructions to connect GeoVera Earthquake to your EZLynx account.

1. Login to EZLynx. Click the Integrations icon on the EZLynx navigation menu. The icon looks like a plug!
2. Choose "My Integrations" then choose "View Marketplace".
3. Search for "GeoVera" in the Search bar and choose "GeoVera Earthquake Insurance".
4. Select "Actions" in the upper right side of the screen and choose "Add Integration".
5. Enter your GeoVera (myGeoSource) User ID and password to complete the process.
